There is no accounting for tastes. For instance -- THE ESKIMOS LIKE RAW FISH.

No-people, we will never appear ridiculous by asking you to believe that we could start in the telephone directory at the A's and go clear thru' to the Z's and please every subscribers' taste in clothes.

But we do say, emphatically, too, that from Eve on to the last leaf we can satisfy every woman's conception of VALUE—for there is not another store in this entire state, that is giving more DOLLAR for DOLLAR than we are this present season.

We know this to be true, and now we want the opportunity, and honor of proving it here in the presence of this Spring showing of good clothes that for VALUE, is without a peer - from New England to New Orleans.
